INSTRUCTIONS FOR PREPARATION OF POSTERS

- Prepare your final paper in order to be included in the proceedings. The rules for formatting final papers (oral, poster or short presentations) are those published for oral communications.

Poster size and installation

The dimensions of the poster should not exceed 80 cm wide x 120cm high.

Authors are requested to mount their poster materials. On-site staff will be available to assist you. Double sided tape and technical equipment will be also available for the mounting of posters.

Each poster will be assigned a presentation number that will appear in the Final Program you will receive upon arrival at the Conference. You must use the board with that number.

Heading

Poster should have a heading at the top that spans its full width and includes the title, the name(s) of the author(s) and affiliation(s) as stated on the submitted abstract. The title must be large enough to be viewed from a distance of three meters.

Content

The main body of the poster should depict the main topics you want to expose.

The use of diagrams or pictures is encouraged especially if it reduces the text.

Time

Authors are asked to install the posters by June 21st, 11.30 am.

During the poster session (a Question-and-Answer session with the audience, June 21st, 4.30 to 6.00 pm), the authors must stand beside their poster. Please note that there will be no chairpersons.

Suggestions

Authors are encouraged to bring a few copies of mini-version of the poster for distribution to the participants.
